Explanations	

In relation to the sale of all our shares in Dorad Energy Ltd. ("Dorad"), which correspond to 25% of Dorad's capital, within the scope of our material event announcements dated 06.03.2025, 17.04.2025, and 14.07.2025;

The sale of the remaining 15% of our shareholding in Dorad, corresponding to a total of 1,596 shares with a nominal value of 1 New Israeli Shekel (NIS) each, which were subject to the right of first refusal of Dorad's existing shareholders, has been completed at a purchase price of 424,412,664 NIS to Ellomay Luzon Energy Infrastructures Ltd., based on the same share value as the 10% of our shares previously sold to the Phoenix Group under the signed share purchase agreement, due to Edelcom Ltd.'s failure to complete the necessary legal permits within the required timeframe. The final purchase price will be determined following tax related adjustments.

With the completion of the sale of our entire shares in Dorad, we have concluded all of our operations related to electricity production and sales in Israel.

Respectfully announced to the public.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
